15th May 2019

Dear Parents / Carers

Parent App

We have a new convenient way for you to access, review and request changes to the data held on you and your child, direct from your phone as well as see key term dates, in the form of Parent App. We will start rolling this out class by class over the next few weeks.

This app will allow you to access and update your contact details at your convenience, so we will always have the most up-to-date information in case of an emergency. If you have more than one child at school, you will be able to access all your children, from the same app.

Getting started with the SIMS (School Information Management System) Parent App.

We will send you an activation email to the main contact email address we have on our records. Simply click on the link from your tablet, PC or smartphone to activate your account. You can then login using your normal Facebook, Twitter, Google or Microsoft username and password.

From your smartphone or tablet, download the Sims-parent app from the Google Play or Apple App store - search for SIMS Parent.

From a PC or Windows phone, login online at www.sims-parent.co.uk

Please note that your activation email is unique to you and should not be used by anyone else. If you require an additional login then please contact the school office. Your activation email will expire after 14 days if it is not used. Please contact your school if you require a replacement after this date or if you require any further assistance.

Yours sincerely

The School Office Team
