Dear Parents/Carers

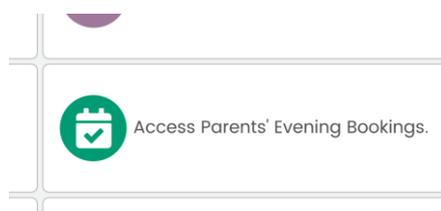

10 March 2021

Remote Parents' Afternoon/Evening, week commencing 22 March 2021

Online Appointment Booking

Following its introduction last year, the school will continue to use an online appointment booking system. This allows you to choose your own appointment times with teachers and you will receive an email confirming your appointment(s). The system can be accessed via a link on your Weduc app dashboard (you will not need to login), or directly via the internet on the weblink below.

Weduc link:

Alternatively, please visit <https://stonebow.schoolcloud.co.uk/> to book your appointments. You will need the following information if you are using the web link to login to the system.

Student's First Name: Student's Surname: Date of Birth
Your email address.

A short guide on how to book your appointments is available at:

<https://support.parentseveningsystem.co.uk/article/801-video-parents-how-to-attend-appointments-over-video-call>

The video uses an example of a secondary school, with multiple subjects. As a primary school, you will be able view appointments for your child's class teacher and where applicable, their sibling's class too. This year, as a high number of parents will still be working from home, we have offered a choice of one ten-minute afternoon or evening appointment.

Appointments can be made from 10th March to 19th March 2021. Should you wish to make any changes after this date, please contact the school office. If you do not have access to the internet, please contact the school office who will be happy to add appointments on your behalf.

Staff will be available in the following time slots:

Video Meetings

Once you have booked your appointment time, the later part of the short video link above, explains how the remote meetings will work – very similar to the various video meeting applications we are now familiar with.

As you will appreciate, over the last year, the children's recent education has been disrupted. In view of this, the focus of the meeting will be on their well-being and safety, engagement and progress made either remotely or in school during the Spring lockdown and any areas for development - identified on their return, which you can support with.

We would traditionally discuss their academic progress, including discussion around results from end of Spring Term PIRA/PUMA and other tests. We are not using these tests at this point of the year.

Confidentiality

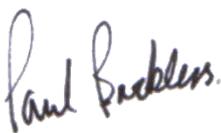

A polite reminder to keep any discussions during the meeting confidential. Staff will be undertaking the meetings from home, following the school's protocols around appropriate dress/backgrounds, use of a quiet room away from other members of the household etc. We would ask parents to do the same.

Feedback

Once we are able to return to normality, we are looking to continue using the SchoolCloud application, to arrange bookings for future meetings – hopefully in school. With this in mind, your feedback is welcomed.

If you require any further information or support, please contact the school office.

Yours sincerely

Paul Brockless Head Teacher
